

*Special Item 19: Cold Resistance Potion*

# Cold Resistance Potion

*Potion, Uncommon*

A Cold Resistance Potion enables the imbiber to resist the effects of cold damage for a period of one hour. The potion is blue in color and is cold to the touch. When shaken, tiny white flakes swirl about in the blue liquid. **Note:** Drinking the potion too fast can cause “brain freeze” which will result in the imbiber having the poisoned condition for one minute.
